ERHARDT J

THE AWNING THAT HAS BEEN CONCEIVED WITH QUALITY DOWN TO THE LAST DETAIL

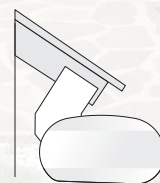

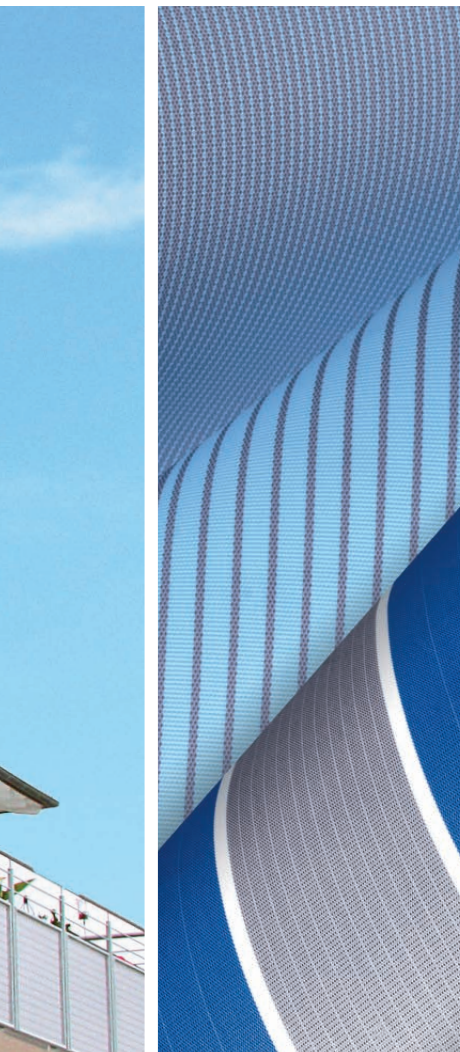

Recommended equipment for the ERHARDT J:

- We recommend the optional variant with a **Remote Control** for the best in operating convenience, especially with the standard series motor. More safety is provided by the **Oscillation Sensor** which closes the awning automatically in strong winds.
- The practical **Lighting Rail** ensures optimal lighting even in large areas. The brightness can be controlled perfectly using simple dimming.

ERHARDT J – A convincing price-performance ratio

- The entire mechanism as well as the awning fabric shaft are hidden in the cassette awning when in the retracted position. This ensures maximum protection from the elements while at the same time providing an unobtrusive appearance.
- The integrated internal gutter is a further sophisticated detail.
- Moreover, the awning offers different mounting options using a variety of different brackets.
- The motor control integrated as standard improves operating convenience.
- A sealing lip ensures gentle closing.
- The exclusive chrome finish version of the end caps is a further option.
- A radio remote control can also be ordered for even more freedom.
- Durable materials and high-quality craftsmanship form the basis for sophisticated functionality.
- A large selection of additional equipment: Ask your ERHARDT dealer to get valuable tips.

Elegant chrome accents

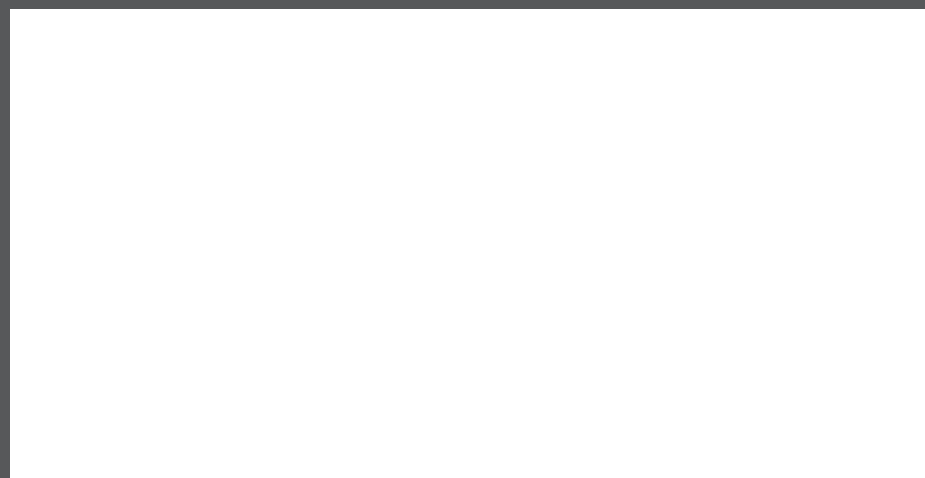

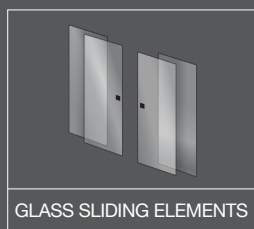

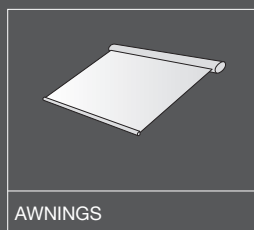

The elegant chrome-look end caps give you exceptionally attractive material accents that will make your awning a thing of timeless beauty. The ERHARDT J is available in two different chrome versions.

The SUNSILK collection offers many advantages:

Exceptionally vibrant and brilliant colours

- Non-fading and weather-resistant
- Easy care surfaces
- The highest UV protection (absorbs up to 97% of hazardous UV radiation)
- Exclusive SUNVAS CASA collection: only available in ERHARDT awnings – pleasantly soft colour brilliance
